

Activities for the session 2019-20

On 16th September 2019, the students prepared and presented power point presentations and explained how ozone layer has started healing over a span of time. They also discussed various measures to prevent the depletion of the ozone layer.

One Day Seminar

To mark the 150th Anniversary of Periodic Table of Chemical Elements and to celebrate International Year of Periodic Table 2019 hosted a one day Seminar entitled 'Patterns in Nature and Discoveries in Science' on 13, September 2019. In the first session of the seminar a movie based on the development of periodic table "Mystery of Matter: Unruly Elements" was shown to students followed by an open on the spot quiz on elements of matter. In the second session Prof. P.K.Ahluwalia. Prof. Physics (Retd.), Himachal Pradesh University delivered a talk on the topic "From Elements to Materials: An Edifice on the Foundation of Periodic Table". Second half of the day started with another talk delivered by Prof. M.K. Seth Prof. of Botany (Retd.), Himachal Pradesh University on the topic "Plant Diversity & its Conservation".
